

## FLAMINGO HEATING PAD (Orthopaedic Electric Heating Pad)

Versatile electric heat belt with three heat levels delivers targeted warmth for back, cramps, and joints, with twin-thermostat safety, washable cover, and 1-year warranty.

### Features

- **New and versatile design:** The Flamingo heat belt with the electric heating pad for pain relief comes with a velcro strap-on belt and soft slide temperature controller with three pre-set heat levels that makes it flexible and convenient to use.
- **Temperature Setting:** The Flamingo heat belt comes with three preset temperature settings. The electric Heat belt for pain relief can heat up to 80 °C.
- **Use of Heat Belt:** The Flamingo heating belt can be used as heating therapies like a heating pad for back pain, heating pad for period cramps, heating pad for pain relief, heat belt for back pain relief etc.
- **Safety:** It has 4 layers of insulation on either side for complete comfort and the electric heating belt has built-in twin thermostat that ensures optimum safety.
- **Convenient and Flexible:** The flexible design of the heating belt makes it an excellent choice for knee massage, joint pain relief, backaches, sprains, and muscle pulls. Perfect for dry heat treatments, this belt delivers soothing warmth where you need it most.
- **Flexible and Comfortable Design:** The heat belt's flexible construction allows it to conform to the body's contours, providing comprehensive coverage and optimal contact with the skin for maximum therapeutic effect.
- **Washable Outer Cover:** Features a removable outer cover that is washable, maintaining hygiene and ensuring longevity of the heat belt for repeated use.
- **Warranty:** Enjoy peace of mind with our 1-year warranty, ensuring the quality and reliability of your Flamingo Heat Belt. Reach out to our customer care team at 1800229978 or Mail us on [support@flamingohealth.com](mailto:support@flamingohealth.com)
