

## OMRON BLOOD PRESSURE MONITOR (HEM 7143TA)

OMRON HEM 7143TA offers accurate, painless blood pressure monitoring with irregular heartbeat detection, Bluetooth syncing via OMRON connect, and Intellisense technology for personalized comfort.

### Features

- The OMRON HEM 7143TA Blood Pressure Monitor is a state-of-the-art device developed to assist you in monitoring your heart health. With the Irregular Heartbeat Detection feature, you can be notified of any aberrant rhythm in your heartbeat, allowing for early diagnosis and treatment by a physician. This feature is vital for detecting and treating heart problems before they become severe.
  - Irregular Heartbeat Detection - Helps to detect any abnormal rhythm of your heartbeat, so you can consult your physician for early diagnosis and treatment.
  - The Smarter Way To Connect To Your Heart Health - Keep track of your blood pressure readings and stay on top of your heart health with OMRON connect anytime, anywhere. With Bluetooth wireless connectivity, you can sync your daily blood pressure readings from the device to the OMRON connect app, effortlessly.
  - Intellisense Technology for Comfort & Accuracy - Intellisense, available in all OMRON Blood Pressure Monitors, can automatically personalise the cuff inflation just for you to ensure less pain and discomfort during measurement.
- 
- Bluetooth Connectivity - Measurements can easily be transferred to the OMRON Connect app to help track your progress more precisely.
