

## ONYMED LED OPERATING LIGHT (OM-LED500)

Advanced LED shadowless surgical lamp with stepless dimming, adjustable color temperature, and deep illumination—delivering bright, accurate, low-heat lighting for precise and comfortable surgical procedures.

### Features

- Number of LED bulbs: 48
- Illumination (Lux): 30,000~160,000
- Color temperature (K): 3,500~5,000K adjustable
- Spot diameter (mm): 150~300
- Average life of bulb: = 80,000h
- Dimming system: Stepless dimming system
- Temperature rise of operator's head (?): = 1
- Color rendering index (CRI): = 85 – 96
- Color restoration index: = 97
- Brightness adjustment: 1% - 100%
- Lighting depth (mm): = 1,200
- Power supply voltage: 220V/50Hz
- Input power (W): 400

### ADDRESS

99, Princess Street, Sancheti  
Bhavan, Opp. Earth Baug Bldg,  
Mumbai 400 002
