

Ageln Exo care wipes

Soft, pre-moistened baby wet wipes made from non-woven fabric, water, and gentle additives—ideal for delicate cleaning, hygiene, and everyday freshness.

Features

- Wet Wipes are basically small, pre-moistened pieces of paper or cloth that can be used for both delicate cleaning (being the cleansing of babies the most common usage) and even hard scrubbing.
- The main ingredients of baby wet wipes include non-woven fabrics, water and additives.
